First Lieut. John A. Smith, 1st Regt. U.S. Infantry, killed in action at Verdun, France, June 23, 1918.

WILSON ASKS AUTHORITY TO CONTROL WIRE LINES.

Impending Strike of Telegraph Operators Prompts Government Action.

WASHINGTON, July 1.—Government control of telegraph, telephone, cable and wireless systems during the war has been all but crystallized into reality to day.

WASHINGTON, July 1.—The House of Representatives today passed a bill authorizing the President to take control of the telegraph, telephone, cable and wireless systems during the war.

WASHINGTON, July 1.—The House of Representatives today passed a bill authorizing the President to take control of the telegraph, telephone, cable and wireless systems during the war.

AMERICAN CORPS TO BLOCK HUNS

(Continued from First Page.)

Omar Bundy and Joseph T. Dickman, are included in the first corps and all are either at Chateau Thierry or at Cantigny. The corps headquarters, however, call for six divisions, four combatant and two replacement, and with the necessary artillery units and other additional troops the total strength of a corps would be nearly 250,000 men. Undoubtedly, Gen. Liggett has the elements necessary for his corps if his organization is complete.

NEW SIGNIFICANCE.

With this army corps in the theater where great events are believed to be impending, the expected German thrust assumes new significance here. The opinion is general among the officers that the blow now in preparation is to be the heaviest yet struck against the line. The Germans are getting ready for the crucial moment in the effort to win a victory by force before full American fighting power can be brought to bear.

The belief of Gen. March, Chief of Staff, that the Allied situation is "extremely favorable" as expressed in a carefully weighed statement last Saturday, is believed to be shared by the Allied leaders. The speed with which American troops have been rushed to France probably has added to the confidence that the new thrust will fail as have the last two.

MILLION OVER BY FOURTH.

There is every reason to believe that by the Fourth of July there will be 1,000,000 American troops in France. An official announcement of this fact is expected to be made by the War Department.

The fact that five American divisions are now in the line, and that the British and the French are being restored to Gen. Pershing since last March is another sign of the confidence in the American position.

Gen. Foch is being supplied with fighting men power. The recent establishment of the French and British at the enemy line in Flanders and southwest of Compiègne are regarded as showing the entire confidence of the Allied leaders in the outcome, although weeks or months of bitter fighting may be in store.

Secretary Baker had no advice today to show that formation of the First Field Army under Gen. Liggett had been entirely completed. Gen. Liggett is regarded as the logical organizer and commander for the first corps. The rank of lieutenant general probably will go with the command.

Presumably Gen. Liggett's corps is regarded now as a part of Gen. Pershing's mobile forces as distinct from troops in the line. The position which is being built to take over a definite American sector of the battle front. The appearance of American troops in the line along the line between St. Mihiel and the Swiss frontier indicates that this whole stretch of 150 miles of the front is being rapidly Americanized.

The definitely placed American troops in the line between St. Mihiel and the Moselle River is included and at present is the left flank of the whole sector, which the Americans appear to be holding. The rank of lieutenant general probably will go with the command.

DEADLOCK HOLDS ON WHEAT PRICE

Senate Refuses to Yield on \$2.50 Guarantee.

Action Holds up \$28,000,000 Appropriation Bill.

Emergency Resolution for Immediate Funds.

WASHINGTON, July 1.—The Senate today by a vote of 46 to 19, refused to yield to House opposition to an increase in the government's minimum guarantee for wheat to \$2.50 per bushel.

A motion of Majority Leader Martin to instruct the Senate conferees to abandon the Senate price-increase amendment to the annual agricultural bill was defeated, 46 to 19.

A compromise of \$2.35 per bushel was proposed by Senator Norris of Nebraska. He offered a substitute for the Senate resolution providing for the \$2.35 minimum based on No. 2 wheat at principal interior market.

A direct vote might be taken upon the proposal to set the price of wheat at \$2.50 a bushel, Senator Norris later withdrew his substitute.

HOLDS UP APPROPRIATION.

The Senate's action causes continuance of the deadlock over the \$28,000,000 appropriation measure and prevents its passage today.

The beginning of the government's fiscal year. Enactment of an emergency resolution to provide needed funds for the Department of Agriculture pending settlement of the wheat dispute is under consideration.

Another meeting of the Senate and House conferees is being arranged and it is planned to report a disagreement on the wheat amendment to both branches of Congress, leaving the House to determine whether it will agree to an increase of the present wheat price.

The Senate voted as follows: For the resolution—Democrats: Anthony, Bacon, Fletcher, Gurnea, King, McKellar, Martin, Pittman, Pomeroy, Robinson, Sheppard, Smith of Arkansas, Sims of Maryland, Stannard, Thomas, Trammell and Underwood, seventeen.

Republicans: Hale and Sutherland, two.

Total for—nineteen.

Against the resolution—Democrats: Bankhead, Chamberlain, Gore, Gulon, Henderson, Hitchcock, Hollis, Johnson of South Dakota, Lusk, Myers, Nugent, Overman, Phelan, Ransdell, Reed, Shafroth, Simmons, Thompson, Walsh and Willey—twenty.

Republicans: Curtis, Calder, Cummins, Twiss, Dillingham, Fall, France, Grona, Johnson of California, Knox, Lenroot, Lodge, McCumber, McNary, Nelson, New, Norris, Pennington, Phelan, Ransdell, Reed, Shafroth, Simmons, Thompson, Walsh and Willey—twenty.

Total against—forty-six.

PRICE TOO LOW.

Last March the Senate voted 49 to 19, to add the Government amendment to the agricultural message and to the new allowances to cover increased freight charges are not high enough in view of farm production costs and price of flour.

Senator Wood of Missouri, in urging the amendment, again stated that the new allowances to cover increased freight charges are not high enough in view of farm production costs and price of flour.

He said the "most horrible example of profiteering shown in the history of the country" was the price of flour. He said that the price of flour was "the most horrible example of profiteering shown in the history of the country."

He said that the price of flour was "the most horrible example of profiteering shown in the history of the country."

THE CITY AND ENVIRONS.

Because of the Fourth. The cloud county (Kansas) annual picnic will be held at Spenser Grove on July Fourth. A basket lunch will be served at noon. All at Harvard School.

With men from the trenches as speakers, a patriotic rally will be held this evening at the Harvard Military School, Sixteenth street and Western avenue.

A patriotic pageant will be a feature of the programme to be given at the meeting of the Los Angeles Graded Sunday-school Union tomorrow morning, in Berman Hall, Temple Baptist Church at 10 o'clock.

Rehearsals by the Community Chorus for a people's community chorus, under the direction of Arthur Farwell, will be held hereafter at Normal High School, Fifth street and Grand avenue, instead of Manual Arts High School, every Tuesday and Friday evening.

Miss Josephine Nell, Miss Catherine Dellamonte and C. W. J. Starr will be the soloists at a noon-day entertainment at the British Ambulance Society's headquarters, at the Hotel Westminster today. Miss Florence Taylor, violinist, will play, and the Remick Quartette will give a number of selections.

In Lincoln Park. Members of the Grand Army, Woman's Relief Corps, Sons of Veterans, and United States War Veterans will hold their Fourth of July celebration in Lincoln Park. Joseph T. Curtin, Senior Vice-Department Commander of the United Spanish War Veterans, and Thomas D. Wallace will be the orators of the occasion.

Telephone Employees Launch. Employees of the Southern California Telephone Company will start their Fourth of July celebration early—day ahead—by giving a patriotic lunch at the rooms of the British Ambulance Society, in the Westminster Hotel, No. 11 East Fourth street, at noon tomorrow. A special programme of music has been arranged.

TO MEET TO DISCUSS AMERICANIZATION.

PROMINENT SPEAKERS WILL ADDRESS GATHERING TO-NIGHT AT INSTITUTE.

The first general public function of the Commission of Americanization will be held in the auditorium of the Bible Institute, Hope and Sixth streets, tonight. Among the speakers will be Judge B. F. Bledsoe, former Senator Frank F. Flint, ex-Judge Walter Bordwell, Mr. Rev. Timothy Cantwell, Rev. Bishop John J. Hannan, Rabbi Sigmund Hecht, Dr. Emanuel J. Jack, C. M. Seider, Miss Mary J. Worthington, Mrs. C. C. Moore, Marshall Stimson and Mrs. Frank A. Gilson.

GRAND JURY OPPOSES COUNTY WAGE RAISES.

THE county grand jury, in a special report to Superior Judge Willis, yesterday, opposed at this time the proposed increase in salaries of county employees.

The report was signed by Lloyd C. Hayner, chairman of the Finance Committee, and Charles M. Campbell, chairman of the County Officers' Committee. The approval of the position taken by these two committees was signed in behalf of the entire grand jury by G. B. Ochiltree, foreman, and Joseph Starch, secretary of the grand jury.

The report, in part, says: "An increase of all of the constituent elements required to sustain life and to supply wearing apparel has made it exceedingly difficult for those with limited incomes to make both ends meet, but this is no more true of county employees than of the taxpayer who provides the funds from which county employees must be paid."

As a matter of fact, the increased cost of living is a part of the penalty which the entire population of the United States, and, for that matter, of the world, is paying, and must continue to pay, as the price for the perpetuation of democracy, and we cannot but feel that the agitation for increased salaries at this time, when taxpayers who must pay such increased salaries have no method of shifting the additional load to shoulders more able to bear them, is not the height of patriotism.

MAY NOT DIG FOR TREASURE.

Hunt for Supposed Cache Under Sheriff's Office Would Endanger Building.

It is not likely that B. A. Straus, who recently asked the Supervisors for permission to dig for buried treasure under the windows of the Sheriff's office, will be allowed to start the hunt.

Yesterday Assistant County Counsel Murphy wrote the Supervisors that if any treasure were found, Mr. Straus would have no claim on it, and, further, that the walls of the Sheriff's office might be endangered by the excavation, resulting in personal injury and liability to the county.

***** toward the Americanization of the United States, and the endeavor to solve the problems presented by our large Mexican colony.

The Commission of Americanization was created under the auspices of the Federal government through the Secretary of the Interior, the National Council of Defense, the State Council of Defense and the National Council of Housing and Immigration. It is one of the important war measures and the successful accomplishment of its mission is expected to lend material aid in winning the war.

A special invitation to attend is extended to members of the Anglo-Saxon League. This organization, founded in this city, was a pioneer in the movement to Americanize all foreigners in this country.

OPPOSES INQUIRY ON INDIAN EXPENDITURES.

WASHINGTON, July 1.—Cato Sells, Commissioner of Indian Affairs, opposed before the House Rules Committee today resolutions for investigation of expenditures in his bureau. An investigation of the handling of a trust fund of \$185,000 for the Indians on the Minnesota reservation is proposed by Representative Miller of Minnesota, and an investigation of the fund for the purpose of a trust of land in Oklahoma is asked by Representative Carter of Oklahoma.

When A. Carter said today that he believed the purchase of a specific tract of land was desired by the bureau, Mr. Sells replied that he was not interested in the purchase of any specific tract.

The hearing will be continued tomorrow.

BOSTON, July 1.—The charge that the medical profession, through Surgeon-General William C. Gorgas, virtually had threatened the government with a war service boycott if osteopaths were admitted to the State Commission of Health, was refuted by George W. Riley of New York, president of the American Osteopathic Association, at the annual convention of the association today.

Official Report.

GRAND JURY OPPOSES COUNTY WAGE RAISES.

THE county grand jury, in a special report to Superior Judge Willis, yesterday, opposed at this time the proposed increase in salaries of county employees.

The report was signed by Lloyd C. Hayner, chairman of the Finance Committee, and Charles M. Campbell, chairman of the County Officers' Committee. The approval of the position taken by these two committees was signed in behalf of the entire grand jury by G. B. Ochiltree, foreman, and Joseph Starch, secretary of the grand jury.

The report, in part, says: "An increase of all of the constituent elements required to sustain life and to supply wearing apparel has made it exceedingly difficult for those with limited incomes to make both ends meet, but this is no more true of county employees than of the taxpayer who provides the funds from which county employees must be paid."

As a matter of fact, the increased cost of living is a part of the penalty which the entire population of the United States, and, for that matter, of the world, is paying, and must continue to pay, as the price for the perpetuation of democracy, and we cannot but feel that the agitation for increased salaries at this time, when taxpayers who must pay such increased salaries have no method of shifting the additional load to shoulders more able to bear them, is not the height of patriotism.

THE WEATHER.

(Official Report.)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, July 1.—(Reported by Ford A. Carpenter, Meteorologist.) At 5 o'clock a.m. the barometer registered 30.04; 7 a.m., 29.91. Thermometer for the corresponding hours showed 56 deg. and 70 deg. Relative humidity, 5 a.m., 95 per cent.; 7 a.m., 70 per cent. Wind, 5 a.m., light west, velocity 6 miles; 7 a.m., southeast, velocity 9 miles. Highest temperature, 74 deg.; lowest, 62 deg. Rainfall yesterday, 10 of an inch for the 24 hours. 10.00 inches and season, 15.00 inches. Barometer reduced to sea level.

WEATHER CONDITIONS.—A file of high pressure occupies the central portion of the United States, and the low pressure in the Southwest, and the Atlantic coast and also in the southwest district, where thunderstorms are reported. The well-defined tongue of low pressure extends northwestward from the valley of the Colorado, toward the Pacific coast, and in the Southwest, the greatest amount of precipitation, 40 of an inch, occurred at Pasadena. In Los Angeles the temperature was 74 deg. at 5 p.m. and 62 deg. at 5 a.m. The amount of precipitation during the 24 hours ending this morning established a record. On an average ten thunderstorms a year occur.

ORCHARD REPORTS.—Minimum and maximum temperatures from orchards reported to the Los Angeles office of the U. S. Weather Bureau during the 24 hours ending July 1, are as follows:

Place	Max.	Min.
Alhambra	70	50
Arroyo	68	48
Baldwin	65	45
Bell	68	48
Burbank	65	45
Glendale	68	48
Monterey Park	65	45
Pasadena	74	62
San Gabriel	65	45
San Marino	68	48
Upland	65	45

For Los Angeles and vicinity: Cloudy Tuesday; light westerly wind.

STATE FORECAST.

San Francisco, Oakland and vicinity: Generally clear, with light winds, and a few clouds.

San Diego, San Jose and vicinity: Generally clear, with light winds, and a few clouds.

San Jose, Santa Clara and vicinity: Fair, with light winds, and a few clouds.

WANT CLINE TO
GIVE UP FEESCounty Counsel Petitions for
Writ of Mandate.Sam Involved in for Feeding
Federal Prisoners.United States Marshal not
Sympathetic?

A petition for a writ of mandate compelling Sheriff Cline to turn to the county treasury the amount of \$11,120.98 paid to the Sheriff by the government for the feeding of Federal prisoners in the County Jail since Sheriff Cline went into office, was filed by County Counsel Hill yesterday. The writ was made returnable by Presiding Judge Walton before Judge Jackson on Tuesday next.

These fees were calculated up to March 31, last, and are demanded on the ground that the Sheriff, under the ruling of the Appellate Court, is not entitled to any fee as an employee of the county, but as an employee of the government for transporting prisoners to the penitentiaries and insane to the asylums.

The county allows the Sheriff to receive a fee of two cents a day for each prisoner, but the government pays 25 cents a day for each prisoner, the county furnishing the bedding and other necessities.

County Counsel Hill is assisted by these suits by David Faria, now general counsel for the Automobile Club, but formerly a deputy in the office, and familiar with the transaction, and Deputy County Counsel Valles.

Yesterday County Counsel Hill filed a suit with the government, claiming that the county is claiming the fee paid to Federal prisoners. Mr. Valles called at United States Marshal Walton's office to see the files, and was told, it is reported, that "it is none of your business." Further, he stated that Mr. Valles was shown the door, but did not take the hint.

WEATHER ELSEWHERE.

Chicago Experiences Range of Temperatures Unusual in July.

June Hottest Since 1914.

(EXCLUSIVE DISPATCH.) CHICAGO, July 1.—There was a pretty generous range of temperatures today. Not that the maximum was unusually high, but the minimum was of a degree that is generally met in the month of July. At a little after 1 o'clock this afternoon the mercury reached 81, but at 3 a. m. the thermometer read 52.

The monthly summary shows the month just ended was the warmest since 1914, but most of the warmth was packed into the first eleven days, while the remainder of the month was unseasonably cool with a few exceptions.

The range for the month was also extreme, with the record for the season being 92 on June 11, and the lowest 51 on the 23rd.

Temperatures yesterday as reported by the Los Angeles office of the United States Weather Bureau were as follows:

Place	Max.	Min.
Albany	84	64
Albuquerque	82	62
Alhambra	84	64
Alhambra	84	64
Alhambra	84	64
Alhambra	84	64

CHATHAM, N. Y., NOW
GORGES AT HEARSTPRO-GERMAN EDITORIAL
TERANCES ARE READ AT
CHURCH RALLY.

(EXCLUSIVE DISPATCH.)

CHATHAM (N. Y.) June 30.—Movement for suppression of the Hearst newspapers in this vicinity was begun at a patriotic union rally of the Methodist churches this evening. In an address on international allied independence, Stanley Johnson, a speaker of the National Security League, urged the campaign for the complete extinction of the Hearst papers. The speaker read many quotations from editorial in the Hearst papers tending to show opposition to the government plans in sending troops, supplies and money to our allies, also playing a unity of thought with Germany's ambition regarding Japan and Mexico.

"Hear you find Mr. Hearst?" Mr. Johnson continued, "often over his own signature, giving testimony to the harmony of his views with those of our enemy. The leading papers of Germany appreciated these utterances, and they are quoted throughout the empire. Can a sudden change of editorial policy wipe out the memory of his utterances as repugnant to us?"

Appeal Against Draft Denied. (BY A. F. NIGHT WIRE.)

SAN FRANCISCO, July 1.—The United States Circuit Court of appeals today denied a writ of habeas corpus to Frank M. Ringer of Jackson, Amador county, who claimed that his draft was illegal because he was engaged in agriculture. Ringer, who was drafted and sent to Camp Lewis, was refused a writ of habeas corpus by the Federal District Court in Washington and appealed.

Holohan up for Reappointment. (BY A. F. NIGHT WIRE.)

WASHINGTON, July 1.—President Wilson today nominated James B. Holohan of San Francisco for reappointment as United States marshal for the Northern California district.

BROTHERHOOD OUT AFTER
YELLOW-CAR MEN, TOO.Union Claims Two Hundred Los Angeles
Railway Employees Signed.
Strike Talk Moderating.

WHILE union agitators counted a sealed vote at Burbank Hall yesterday to determine whether the Pacific Electric employees will stick with the company or the Brotherhood of Railway Employees, the strike order issued by the local labor union took on a new phase of simplicity. It was learned late yesterday that many conductors and trainmen in the Los Angeles Railway are being urged to join the Brotherhood with the obvious purpose of strengthening the union's hold in a crisis.

The organization of "yellow-line" conductors can be traced directly to the union, which is a group of several dozens of conductors and trainmen. The union is being urged to join the Brotherhood with the obvious purpose of strengthening the union's hold in a crisis.

TROOP TRAIN
JUMPS TRACK.Two Coaches Wrecked, but no
Soldiers Hurt in Accident
in this State.

Two coaches were wrecked when a twelve-car east-bound troop train jumped the track at a switch somewhere in California yesterday afternoon. None of the soldiers was injured. Traffic was stopped for a short time and extra coaches were rushed to make up the train.

Officers prevented photographers from taking pictures by placing a strong guard around the wrecked train.

The men who are joining the steam-line union here are being blindly led astray. If employees of any line of work will go to their company in a friendly spirit and ask for adjustments which seem necessary they will get it. I don't care what company they work for, but this spirit of hate engendered by the unions will not be tolerated. I am sure the Pacific Electric Company will hold to its determination that the open shop shall prevail, and I know that my company will.

M. E. Montgomery, assistant grand chief of the Brotherhood of Railway Engineers, is taking an active part in the counting of the ballots at Burbank Hall. As near as can be learned the unionized Pacific Electric trainmen were not asked to cast a sealed ballot on a strike proposition. The proposition has to do with whether or not they will stick with the brotherhood in case it decides that a strike would be to their advantage.

After this matter has been settled the union will then take up the matter of formulating a formal demand for an increase in pay at this time, because an increase has just been voluntarily granted. They will, however, demand a readjustment of wages.

(Continued on Seventh Page.)

In the Trail of the Thunderbolts.

Below is a view made at 4 o'clock yesterday afternoon of the burning oil tank at El Segundo. The telegraph pole gives an idea of the height of the smoke cloud. At the top is the shattered pine tree, said to have been the tallest in Pasadena, at Waverly Place. It was cut in two. The house beside it is that of Mrs. George Grover and her daughter, Mrs. L. M. Slater.

FREAK STORM
PLAYS HAVOC.Thor's Holiday Costs Over
Quarter Million Dollars.Bolts Kindle Big Oil Tanks;
Damage Substations.Forest Fires, Stalled Cars and
Darkness Features.

The freakiest storm that has visited Southern California in more than twenty years broke here early yesterday morning and did something like \$275,000 worth of damage before subsiding.

This electrical monstrosity stands without an equal in the annals of the local Weather Bureau, both for violence and variety. It knocked the tops from gigantic oil tanks at El Segundo and set them afire, damaged power substations, split great trees from top to bottom, and crushed the roofs of houses, hay and beans in some localities with water.

Pioneers say that in thirty-five years Los Angeles has not known a thunderstorm of such violence. It lasted in all quarters for more than twelve hours and the lightning from the clouds registered several disastrous hits.

The greatest havoc wrought by the electrical storm was at El Segundo.

HEAD OF FOUR-MINUTE MEN
REPUDIATES HEARST ATTACK.

MARSHALL STIMSON, local chairman of the Four-minute Men, the big organization of patriotic speakers who give their time and oratorical ability to furthering the interests of the United States at war by means of public speeches, yesterday added his name to the growing list of prominent men who, deliberately misrepresented by the Examiner and other Hearst publications, have publicly repudiated the sentiments falsely attributed to them by those organs in their effort to divert public attention from their own activities inimical to Americanism by snatching at the loyalty of others. Among others, Gov. Stephens recently exposed and denounced a faked speech attributed to him by the Examiner in an attempt to bolster up its plea that the public condemnation of Hearst and his publications is born of a "newspaper quarrel." On Saturday Assistant United States Attorney Gordon Lawson emphatically repudiated sentiments attributed to him by the Examiner reflecting upon the loyalty of The Times. Yesterday The Times received a copy of the following letter from Mr. Stimson to the Examiner, referring to a sensationalized article in the Examiner of last Thursday attacking The Times for its editorial stand in favor of decency in moving pictures and declaring in its headlines and in the article that the "Editorial is branded false, pro-German and calculated to thwart Four-minute Men."

July 1, 1918.

Editor Los Angeles Examiner.

Eleventh and Broadway, Los Angeles, Cal.

Dear Sir: The account of a luncheon given by the Motion Picture Theater Owners, Hamburg's cafe, June 28, which appeared in the Examiner June 27, 1918, contains a statement regarding the Four-minute Men, which is calculated to give an entirely erroneous idea of my attitude.

SOUTHLAND'S TAX BIT IS FIVE TIMES LAST YEAR'S.

Uncle Sam Collects Twenty-five Million Dollars in This District.

REVENUE exceeding by more than \$20,000,000 that of any other year in the history of Southern California is reported by Collector Carter of the United States Internal Revenue Department for the fiscal year ending June 30, 1918. This great inflow of money is due principally to income and excess-profits, and other special taxes.

The exact amount of money received for the fiscal year is \$24,670,544.59, as compared with approximately \$4,500,000 for the fiscal year ending June 30, 1917. During June, 1918, the sum of \$1,241,241.75 was collected, compared with \$251,862.34 for May and with \$1,283,904.18 for June, 1917.

This extraordinary amount of revenue represents the collections from the ten counties comprising the Sixth United States Internal Revenue District, and amounts by \$6,500,000 to the estimate of \$18,000,000 made for this district by Federal computers.

The record goes to show that Southern California has very few delinquents in the matter of income and excess and other Federal taxes," declared Sherman Jones, chief deputy, yesterday. "The people in this district should feel proud of this achievement. They have come to the aid of the government willingly and voluntarily."

Collector of Customs Elliott yesterday issued a statement showing total estimated exports for June, 1918, amounting to \$144,847 through the five exporting ports of Southern California. Exports for June, 1917, amounted to \$134,761. Imports for June, 1918, reached \$29,444, compared with \$29,632 for June, 1917. Customs collections for last month were \$11,340.55. For May, 1918, they reached \$26,784.68. Exports for May, 1918, summed up \$1,602,524 and imports during the same month were \$229,212. Collections were \$26,784.68.

The falling off of exports, this year's total being \$1,419,477 less

SERVICES HELD FOR LATE REALTY MAN.

EDWIN W. SANDISON HAD WIFE INTERESTS IN HOLLYWOOD AND ELSEWHERE.

Funeral services were held here Saturday for Edwin W. Sandison, real estate man, who founded three Kansas towns in the 80's, handled subdivisions in Wilmington, had interests in Alaska, and in recent years was a factor in the growth of Hollywood.

Mr. Sandison retired from business five years ago on account of ill health. He died at his home, No. 6525 West Franklin avenue, Hollywood. He was 73 years old. He and his wife were natives of Canada. He founded the Kansas towns of Everest, Horton and Liberal, on the line of the Chicago, Rock Island and Pacific Railroad, the president of which, M. A. Lowe, was his intimate friend. He was a member of the Chamber of Commerce here.

A widow, Mrs. Sabina Wigle Sandison, and a daughter, Miss Edna Sandison, live in this city. Another daughter, Mrs. Mary Bovars, is the wife of a nephew of President Biddle of the University of Southern California. A third daughter, Mrs. T. W. Fletcher, lives in San Francisco. One son is Lieut. W. S. Sandison of the Vancouver (Wash.) Barracks, and another, E. W. Sandison, lives at Wilmington. Interment was in Hollywood Cemetery.

FAIR MILK COST IS UNCHANGED.

Raise Made by Distributors not Recognized.

Conference this Morning to Discuss Matter.

Retailers of Sugar to Make Out a Report.

Regardless of the action of milk distributors in raising the price of milk in Los Angeles from 13 cents a quart to 14 cents, the Fair Price Committee of the local Food Administration yesterday refused to change the quotation in the fair-price list.

Louis M. Cole, City Food Administrator, declined to comment on the action of the milk distributors, merely saying that any statement that might be accredited to him that it was done with the sanction of the Food Administration would be false.

Until he had further investigated the situation, he said he would have nothing to say.

At the request of the milk distributors of this city, a conference will be held in Mr. Cole's office at 11 o'clock this morning, when both sides of the question will be presented. According to the distributors, the milk prices now are: 14 cents a quart and 8 cents a pint. Cream has been increased from 12 cents a quart to 14 cents, 10 to 12 cents on the pints, and 13 to 14 cents on half-pints.

Mr. Cole yesterday announced that, beginning July 10, all retailers in any lines which use or have large stocks of sugar will be required to make a statement to Robert Warkowski, sugar director for Los Angeles, of the amount of sugar they used during the preceding three months. On this statement will be based the amount they are to receive for July, August and September. Bakers are to be cut to 70

Teaching Soldiers Mechanical Arts.

At the opening of the military summer schools, in the local city schools yesterday, 680 soldiers from various training camps attended. Below are Capt. Walter G. Tingler and Lieut. Nicholas Jauregui, in charge. Above, Instructor A. B. Miller is explaining the working of a lathe to a group of soldiers in the Polytechnic High School shops.

SEVEN HUNDRED DRAFTED MEN HERE FOR TRAINING.

Five High Schools House Students for Special Service.

FOR the first time in the history of Los Angeles schools, five high school buildings were last night used as sleeping quarters for 680 young soldiers-to-be, select registrants who have volunteered for a two months' course of instruction to make them skilled in the art of Uncle Sam. The high schools where the men slept on cots last night and will sleep tonight and every night for the next two months, and where they will be given instruction in mechanical branches from sheet-metal working to wireless telegraphy, are Polytechnic, Manual Arts, Lincoln, Jefferson and Hollywood High Schools. In addition there were housed last night at the Los Angeles State Normal School 164 men, making a total of 844. One hundred and three reported similarly at the University of California at Berkeley yesterday where they will receive instruction.

Local draft boards from all over the State sent their men to Los Angeles, where they arrived yesterday morning and reported to Capt. Walter G. Tingler, U.S.A., and his staff of seven army lieutenants. The young men plied their suit cases into the hall of the Chamber of Commerce Building, registered, and were sent to the various high schools. Lieutenant was detailed in charge as commander at each school.

HERE ARE FAIR FOOD PRICES.

Quotations Show What You Should Pay Today for Things to Eat.

The following official quotations on foodstuffs, fixed by the Los Angeles Fair Price Committee of the Food Administration as neither a maximum nor a minimum, but as constituting a fair price for the commodities named, are now in effect:

Potatoes—Fancy locals, 100 pounds, wholesale, \$1.65-\$1.75; retail, 2-2 1/2 cents per pound; fancy highlands, 100 pounds, wholesale, \$1.65-\$1.75; retail, 2 1/2 cents per pound.

Onions—Fancy Browns, 100 pounds, wholesale, \$1.90-\$2.00; retail, 2 1/2-2 3/4 cents per pound.

Flour—First, family, 24 1/2 pounds, wholesale, \$1.45; retail, \$1.55.

Corn meal—19 pounds, yellow, wholesale, 53 cents; retail, 70 cents; white, whole, 60 cents; retail, 73 cents.

Sugar—Granulated, 100-pound sack, wholesale, \$7.60; retail, 24-25 cents.

Bread—24 ounces, wholesale, 13 cents; retail, 14 cents; 16 ounces, wholesale, 8 cents; retail, 10 cents.

Milk—Whole, 12 cents per quart, 6 cents per pint; retail, 13 cents per quart, 7 cents per pint.

Butter—Creamery, extra, 1-pound carton, wholesale, 50-51 cents; retail, 55-57 cents.

Oleomargarine—Best grades, per pound, wholesale, 31-33 1/2 cents; retail, 34-35 cents.

Eggs—Extra selected, dozen, wholesale, 45-46 cents; retail, 48-50 cents; selected, dozen, wholesale, 43-44 cents; retail, 46-47 cents.

DELAY SENTENCE IN DRAFT PLOT.

Council for Howenstein and Mrs. Kennedy Gain Time.

Reasons for New Trial to be Argued Tomorrow.

Last Charge Against Leroy Ordered Dismissed.

Federal Judge Bledsoe yesterday granted attorneys for Mrs. Idell Kennedy and Dr. Frank T. Howenstein until 2 o'clock tomorrow afternoon to produce technical reasons why a new trial should be granted.

The two convicted draft conspirators were to have been sentenced at 3 o'clock yesterday, following their conviction last week by a jury of conspiracy under the Espionage Act by rendering draft eligibles temporarily unfit for service by means of defective eye glasses.

Attorney LeCompte Davis, representing Mrs. Kennedy, asked for more time in which to review 3200 pages of transcript bearing on the recent trial, but the court was at first unwilling to grant further time, adding that such a measure would be simply interfering with the regular process of law.

Attorney Paul W. Schenck, representing Dr. Howenstein, then called the attention of the court to count No. 2, on which the defendants were convicted, and on which, he said, there was insufficient evidence as to points of law involved. He held that there was no showing that either of the defendants appeared to have committed a conspiracy or to cause refusal of duty on the part of the military or naval forces of the United States as specified in that count, or after any person had been induced into the service.

Mrs. Kennedy and Dr. Howenstein showed the effects of their confinement in the County Jail since their conviction, both appearing haggard and ill at ease in court.

So far, their attorneys have not been able to raise the \$50,000 necessary in each case to permit their release from jail pending the hearing of a motion for a new trial and the perfecting of an appeal.

A further charge of conspiracy to violate the Espionage Act against Joseph Leroy, Jr., was ordered dismissed by Judge Bledsoe yesterday on motion of Assistant United States Attorney Palmer.

SO SERVICE MEN MAY RIDE FREE.

COMPANIES CANNOT FURNISH TRANSPORTATION GRATIS. WILL RAISE FUND.

A committee of prominent citizens was appointed yesterday to devise ways and means for securing free rides on local street cars for visiting soldiers and sailors. Attorney Frank Karr, representing the Pacific Electric Railway, told the Public Utilities Commission that the company is prohibited by law from carrying free passengers, and it cannot take the requested action unless it is approved by the Railroad Commission.

It was tentatively decided to raise a fund for the purchase of tickets to be given the soldiers and sailors. The committee having this in charge follows: E. W. Camp, City Club; H. B. Woodfill, Merchants' and Manufacturers' Association; Mrs. J. T. Anderson, City Council of Defense; E. L. Lewis, Los Angeles Railway; O. A. Smith, Pacific Electric; Anthony Pratt, Municipal League; A. E. Sage, Hollywood Board of Trade; P. W. Blanchard, Soldiers' and Sailors' Welfare League; Mrs. J. E. River and Mrs. Maude Barrett, Patriotic Mothers of Sons in Service; A. B. Cam, Y.M.C.A.; D. J. Coyne, Knights of Columbus; R. L. Farmer, City Council; Mayor Woodman.

WOMEN PLEAD
NOT GUILTY.Alleged Seditionists Promise
a Bitter Contest.Voice Open-air Market Nets
\$200 to Red Cross.Elks Salvage Squad of Santa
Monica Beach Busy.

(LOCAL CORRESPONDENCE.)

SANTA MONICA BEACH, July 1.

The cases of Mrs. M. Ritschy and Mrs. Alvina A. Tholl, who were to appear in Police Court today before Judge M. R. King, charged with sedition, promises to be a bitter fight, as both women, who are quite elderly, pleaded not guilty when arraigned and have retained Attorney Paul Schenk of Los Angeles to defend them. As the latter was busy in the Superior Court today, he obtained a continuance for his clients until tomorrow at 2 p.m.

Mrs. Ritschy, who is 48 years of age, was arrested last Thursday at the Hotel Metropole, No. 145 Pier street. The police are investigating her claim to be a naturalized American citizen. She is of German birth. Mrs. Tholl, 73 years of age, a friend of Mrs. Ritschy, was arrested in Hollywood 17 days ago, following the arrest of the latter. Both are alleged to have criticized the attitude of the United States government in sequestering the

property of Mrs. Adolphus Busch, and to have refused to purchase War Savings Stamps, although Mrs. Ritschy, who is said to be a tourist from St. Louis, is reputed to be quite wealthy. When locked up in the City Jail, she had about \$300 in cash and about \$1000 in jewels with her. Mrs. Tholl is a registered alien.

An even \$200 was today turned in to the treasury of the Santa Monica Bay Cities Chapter of the Red Cross by Mrs. G. W. Lloyd, chairman of the Venice Lincoln Auxiliary. This represented the proceeds from last Saturday's open-air market in the Chapter House garden, and is more than 100 per cent. of any previous record made by the different auxiliaries that conduct the market. Beginning today, this branch of Red Cross work will be open daily, instead of on Saturday only.

At least 100 cars were impressed into service today by the Santa Monica Elks salvage squad and it is claimed that the net result of the day's drive will be about \$200 to the Santa Monica Bay Cities Chapter of the Red Cross. The northern part of Santa Monica was fairly crowded with the open-air market, and most every conceivable thing in the way of salvage was brought in. It is estimated that two tons of paper, bankers and business men labored industriously, all being dressed in khaki suits.

Funeral services will be conducted tomorrow at 2 p.m., by the Santa Monica Bay Elks Lodge, No. 241, in the clubhouse, for the late Sherman Luther, Hill of Ocean Park Heights, Past Exalted Ruler of the lodge of that order at El Monte, O. H. Hill came here from the Ohio city about three months ago and purchased a beautiful home on Park Heights. He was 43 years of age and a retired traveling man. He had been in failing health for some time. The decedent leaves a widow, Mrs. Ruth E. Hill, and a small son, John. Interment will be in Woodlawn Cemetery. Funeral arrangements are under the direction of Breese Bros. & Todd.

Service.

First young Santa Monica woman to join the land army, leaving her home for the farm.

SANTA MONICA GIRL JOINS LAND ARMY.

(LOCAL CORRESPONDENCE.)

SANTA MONICA BEACH, July 1.

Miss Rachel Karn, a dainty brunette of No. 1344 Fourteenth street, this city, is the first young woman to leave here to join the Woman's Land Army.

Miss Karn, who enlisted some time ago, did not receive her call to service until yesterday, and departed today to do her bit at the Arden dairies near El Monte.

Miss Karn has been making her home with her sister, Mrs. W. J. Sandlin. For some time the young woman has been ardently desiring to find some outlet for her activities in the way of work. She is an athletic girl and Red Cross work was not strenuous enough for her.

"There are many girls well fitted to do the necessary work of cutting and sewing on the garments needed in the hospitals," she declared, "who who can do it patiently knit by the hour on sweaters, wristlets and helmets, but I want more active work. I think being a Red Cross nurse would be the noblest occupation in the world for a woman, and I know that means hard work of every kind, but as I have not had the training for that profession, I intend to put my good muscles to work on the farm. I know how to milk and I can learn to plow, drive a team, or any other work of the kind."

The patriotic girl declared that she had a great ambition to run a tractor, and said that she wasn't afraid to try.

"Where are you going, my pretty maid?"

"I'm going a milking, sir, she said."

"That is what all my friends are quoting to me these days, trying to make fun of my first service," said Miss Karn, "just because I am ordered to the dairies they think I am going to spend my young life milking the cows. Of course, we women of the Land Army obey orders just like the men soldiers, and I will milk as many cows as I am told to do, but I am determined to put all my practical knowledge of farm work to the fore, and believe me, I expect to be in charge of a big ranch before this war is over."

CHILDREN TO HEAR STORY OF THE FLAG.

(LOCAL CORRESPONDENCE.)

GLENDALE, July 1.—Tomorrow morning at 9 o'clock will be the first children's story hour of the season at the Glendale Public Library, an annual feature of the library work under the direction of Mrs. Danford, City Librarian.

In past seasons attendance of the little folk at these delightful story hours has reached 125 and the added interest of patriotism so keenly felt by the children will, Mrs. Danford thinks, bring a large patronage during the coming season.

The first story will tell how the American flag came to be, together with a little lesson in reverence for it and the care it should receive. To each child who pledges himself to uphold his country's emblem with true loyalty, Mrs. Danford will present a souvenir flag.

During the story hour period the library will be closed to adults. The children will be taught, also the use of the library reading-rooms and how to draw out their own books and will be given a card for their own use on application, even to the small tots of 6.

OHIO SOCIETY PICNIC.

(LOCAL CORRESPONDENCE.)

SANTA MONICA BEACH, June 30.—Plans are being developed for what promises to be the first large beach picnic of the season, that of the Federation of Ohio societies, to be held on the pleasure pier at the foot of Colorado avenue Saturday, July 6. It is expected there will be an attendance of at least 6000 pleasure-seeking residents or former citizens of the State of Ohio who are coming to meet old friends and renew former acquaintanceships or form new ones. The registration books will be open from 9 o'clock in the morning until 2 o'clock in the afternoon, with lunch picnic and an attendance of 2 p.m. when the formal programme will open. R. L. Boyle will preside and Thomas P. White will deliver the address.

RUPTURE Has Been Cured by wearing Sanitary Truss. Cannot Slip. Comfortable fit guaranteed. No odor. Can be worn in bath.

Property of Mrs. Adolphus Busch, and to have refused to purchase War Savings Stamps, although Mrs. Ritschy, who is said to be a tourist from St. Louis, is reputed to be quite wealthy. When locked up in the City Jail, she had about \$300 in cash and about \$1000 in jewels with her. Mrs. Tholl is a registered alien.

An even \$200 was today turned in to the treasury of the Santa Monica Bay Cities Chapter of the Red Cross by Mrs. G. W. Lloyd, chairman of the Venice Lincoln Auxiliary. This represented the proceeds from last Saturday's open-air market in the Chapter House garden, and is more than 100 per cent. of any previous record made by the different auxiliaries that conduct the market. Beginning today, this branch of Red Cross work will be open daily, instead of on Saturday only.

At least 100 cars were impressed into service today by the Santa Monica Elks salvage squad and it is claimed that the net result of the day's drive will be about \$200 to the Santa Monica Bay Cities Chapter of the Red Cross. The northern part of Santa Monica was fairly crowded with the open-air market, and most every conceivable thing in the way of salvage was brought in. It is estimated that two tons of paper, bankers and business men labored industriously, all being dressed in khaki suits.

Funeral services will be conducted tomorrow at 2 p.m., by the Santa Monica Bay Elks Lodge, No. 241, in the clubhouse, for the late Sherman Luther, Hill of Ocean Park Heights, Past Exalted Ruler of the lodge of that order at El Monte, O. H. Hill came here from the Ohio city about three months ago and purchased a beautiful home on Park Heights. He was 43 years of age and a retired traveling man. He had been in failing health for some time. The decedent leaves a widow, Mrs. Ruth E. Hill, and a small son, John. Interment will be in Woodlawn Cemetery. Funeral arrangements are under the direction of Breese Bros. & Todd.

Service.

First young Santa Monica woman to join the land army, leaving her home for the farm.

SANTA MONICA GIRL JOINS LAND ARMY.

(LOCAL CORRESPONDENCE.)

SANTA MONICA BEACH, July 1.

Miss Rachel Karn, a dainty brunette of No. 1344 Fourteenth street, this city, is the first young woman to leave here to join the Woman's Land Army.

Miss Karn, who enlisted some time ago, did not receive her call to service until yesterday, and departed today to do her bit at the Arden dairies near El Monte.

Miss Karn has been making her home with her sister, Mrs. W. J. Sandlin. For some time the young woman has been ardently desiring to find some outlet for her activities in the way of work. She is an athletic girl and Red Cross work was not strenuous enough for her.

"There are many girls well fitted to do the necessary work of cutting and sewing on the garments needed in the hospitals," she declared, "who who can do it patiently knit by the hour on sweaters, wristlets and helmets, but I want more active work. I think being a Red Cross nurse would be the noblest occupation in the world for a woman, and I know that means hard work of every kind, but as I have not had the training for that profession, I intend to put my good muscles to work on the farm. I know how to milk and I can learn to plow, drive a team, or any other work of the kind."

The patriotic girl declared that she had a great ambition to run a tractor, and said that she wasn't afraid to try.

"Where are you going, my pretty maid?"

"I'm going a milking, sir, she said."

"That is what all my friends are quoting to me these days, trying to make fun of my first service," said Miss Karn, "just because I am ordered to the dairies they think I am going to spend my young life milking the cows. Of course, we women of the Land Army obey orders just like the men soldiers, and I will milk as many cows as I am told to do, but I am determined to put all my practical knowledge of farm work to the fore, and believe me, I expect to be in charge of a big ranch before this war is over."

Latest Activities in the Fields of Oil, Mines and Finance Briefly Reviewed

"PROFITEERING" CHARGES HIT WAR GROUPS HARD.

Adverse Railway Earnings and Plans to Take Over Telegraph Also Felt.

NEW YORK, July 1.—Speculative interests attached more than passing importance to the day of the "profiteering" charge of the Federal Trade Commission, the stocks comprising the several war groups causing reactions of 2 to 4 points.

Other domestic happenings, such as additional adverse railroad earnings and the President's approval of Congressional measures to take over all wire lines of communication, provoked moderate liquidation of rails and other investment shares.

These developments were only partly neutralized by the fact that the market was buoyed up by the announcement of the Federal Reserve bank's decision to raise the discount rate to 6 percent, and the fact that the market was buoyed up by the announcement of the Federal Reserve bank's decision to raise the discount rate to 6 percent.

GOOD WEATHER, RAINS WEAKEN CORN PRICES.

CHICAGO, July 1.—Beach crop reports and favorable weather had a weakening influence today on the corn market. Prices closed unsettled, 1/2 to 1 cent lower with July 1 1/4 to 1 1/2, and September 1 1/4 to 1 1/2. Oats lost 1/2 to 1 cent. In provisions the outcomes varied from a 1/2 to 1 cent decline to a 1/2 to 1 cent advance.

An estimate by a leading authority that the condition of the whole corn crop was 85.4 against 81.1 a year ago did much to handicap the market. The heavy rains reported in many sections, especially in Kansas and Nebraska, were expected to reduce the crop. Heavy receipts here tended also to depress prices.

Oats were under more uniform selling conditions today. The market showed notable strength owing to the fact that deliveries were made today on a large scale had passed into strong hands. Ribs held steady, but pork was dull and weak.

Banking Service "Over There"

TO Americans going into service "over there," this Company offers banking facilities which meet every need. Our Paris and London Offices are officially designated United States Depositories, and are completely equipped American banking institutions, conducted on American lines. Their facilities are at the disposal of those in all branches of the United States Government service. The following are some of the arrangements which may be made.

Checking accounts can be opened with our Paris or London Offices. Commissioned officers who have accounts with our Paris Office have the additional advantage of being able to cash their checks thereon at the branches of the leading French banks.

Regimental or company fund accounts may be opened with or transferred to our Paris Office, and are available in France the same as checking accounts here.

While in France you can cash your personal checks on your home bank, if your bank makes the necessary arrangements with us.

"Service Checks," approved by the United States Government, are sold by this Company at concentration camps, and at all our offices. These checks may be readily cashed in France, England and Italy, and are safer to carry, while fully as available as cash.

You can purchase from us travelers' checks, or travelers' letters of credit, available anywhere.

Credits may be established abroad, through us, by relatives or friends in the United States, for the benefit of those already "over there."
